

# SOTI ACADEMY

## YOUR FAST-TRACK TO BUSINESS MOBILITY SUCCESS

SOTI Academy delivers flexible training programs that ensure the success of your business mobility strategy. The course modules distill over 20 years of enterprise mobility experience and expertise garnered through hundreds of global deployments in all industries. Learn at the pace you want and become proficient in as little as a day. SOTI Academy offers the industry's most complete training curriculum and is the fastest, most effective way for your staff to develop mobility management expertise to meet your cost, operating system, form factor and security requirements.

## BENEFITS OF SOTI ACADEMY

### On-Demand Training

Online, on-demand courses let your staff learn at their own speed. Take and re-take courses at any time to learn, reinforce and refresh your knowledge of SOTI MobiControl.

### Role-Based Curriculum

Flexible training for everyone on your enterprise mobility team.

- Basic mobility management concepts for executives, sales and line management
- Operational training for help desk and IT operations staff that perform daily tasks within SOTI MobiControl
- In-depth implementation and mobile security training for IT managers and network administrators responsible for the setup and end-to-end configuration of SOTI MobiControl

### Accelerated Teaching Methodology

Courses are delivered using an industry proven Teach-Demo-Test approach to maximize the learner's ability to retain and understand the lesson. Demonstrations reinforce the course material and quizzes verify that each lesson is fully grasped.

# SOTI MOBICONTROL SERIES UP TO V15
