SOTI MOBICONTROL

BOOTCAMP TRAINING
CUSTOM TRAINING TAILORED TO YOUR NEEDS

Empower your IT Administrators to get the most out of their SOTI MobiControl instance with customized, hands-on training tailored to your Enterprise Mobility Management (EMM) needs. SOTI MobiControl Bootcamp Training is delivered by a SOTI Enterprise Mobility Consultant who will develop a comprehensive curriculum of topics covering the entire installation and configuration process of SOTI MobiControl.

THE VALUE OF SOTI MOBICONTROL BOOTCAMP

SOTI MobiControl Bootcamp Training is an interactive mix of workshops and practical labs on a wide range of subjects including menu options and deploying profiles, packages and rules. Attendees receive the step-by-step guidance required to properly manage SOTI MobiControl.

Along the way, participants are encouraged to ask any questions they have. Course content can be edited and amended to serve your business mobility requirements and specific roles within your organization:
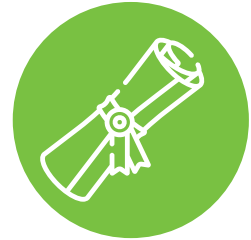

HELP DESK USERS

Hands-on experience with SOTI MobiControl support features such as remote view/control, file sync and two-way chat to fix device and app issues quickly.

ADMINISTRATORS

Using SOTI MobiControl to secure and manage mobile deployments – any device, form factor and operating system – throughout the entire lifecycle.

POWER USERS

Learning how SOTI MobiControl manages mobile devices and IoT endpoints along with content, data and business-critical apps.

DELIVERED YOUR WAY

SOTI MobiControl Bootcamp Training is designed for administrators and individuals interested in mastering SOTI MobiControl and how it integrates into the corporate network environment.

There are two ways organizations can participate in SOTI MobiControl Bootcamp Training:

ONSITE

A SOTI Enterprise Mobility Consultant will prepare and deliver a comprehensive curriculum of SOTI MobiControl over three days at a location of your choosing. Maximum five attendees. Additional participants can attend at an extra cost.

ONLINE

A SOTI Enterprise Mobility Consultant will prepare and deliver a comprehensive curriculum of SOTI MobiControl for up to five online participants over three days. Additional participants can attend at an extra cost.

All components of SOTI MobiControl Bootcamp Training are designed to give you a complete understanding of the capabilities and value SOTI MobiControl brings to your organization:

Comprehensive coverage of every SOTI MobiControl feature.

Instructor-led lectures provide you with a firm foundation of each feature.

Enhanced content supplements the material covered in SOTI Academy training.

Hands-on labs teach you to install, configure, operate and troubleshoot SOTI MobiControl.

Real-world assignments to help attendees navigate SOTI MobiControl.

SOTI MobiControl Certification via a digitally signed certificate upon completion of training.

SOTI ONE SIMPLIFIES YOUR BUSINESS MOBILITY

The **SOTI ONE Platform** is an integrated suite of solutions designed to reduce the cost, complexity and downtime related to business-critical mobility and IoT. Comprised of six revolutionary products, the SOTI ONE Platform helps businesses remove functional silos, eliminate downtime, build apps faster, manage all mobile and IoT devices in one place and deliver actionable insights. When everything is connected, the SOTI ONE Platform makes mobile and IoT business operations simpler, smarter and more reliable.
